SYNERGY EURO
5W30 C1/ DL-1

Code: 9274
Date: 10-04-2020

DESCRIPTION

SYNERGY EURO 5W30 C1 is a premium, energy saving, low SAPS engine oil which utilizes the most advanced development in lubrication chemistry. Ideally designed for European and Japanese engines requiring SHPD (Super High Performance Diesel) level of performance and those which comply with Euro VI exhaust emission legislation that require an ACEA C1 oil. It is especially suitable for use in Japanese light duty diesels calling for JASO DL-1 fluids.

SUMMARY OF BENEFITS

SYNERGY EURO 5W30 C1 is energy conserving and is suitable for use where diesel particulate filters (DPF) are used. It has excellent soot and sludge control resulting in cleaner engines and reduces fuel consumption due its lower viscosity characteristics. It has excellent oil film strength for today's small but high output engines providing the required wear protection. Use only where the application calls for ACEA C1 and JASO DL-1 oil specifications or where OEM requirements are met.

SPECIFICATIONS

- ACEA C1
- JASO DL-1
- FORD WSS-M2C 934B
- MAZDA (DPF)
- Jaguar Land Rover ST JLR.03.5005

TECHNICAL DATA

CHARACTERISTICS	5W30 C1/ DL-1 LOW SAPS
Specific gravity at 15 C	0.852
Kinematic viscosity at 40 C, mm2/s (cSt)	55.0
Kinematic viscosity at 100 C, mm2/s (cSt)	9.8
Viscosity index	166.0
